

2019 InGround Liner Selections

Who We Are

Cardinal Systems, Inc. is one of the world's largest and most technologically advanced manufacturers of galvanized steel walls for in-ground swimming pools. In addition to steel walls, we manufacture steel steps and benches, aluminum coping, liner track, deck drains, liner bead and other backyard living products.

For over 40 years, Cardinal Systems, Inc. has been in business providing builders, contractors and architects with products to enhance any outdoor living space. From our vinyl liner pools to elegant outdoor kitchen cabinetry, Cardinal continues to grow and expand. Our facilities, located in Pennsylvania, currently occupy over 300,000 square feet.

The success of the business is based on a simple, founding principle: provide superior products and outstanding service. From its inception, Cardinal has had a strong commitment to precision fabrication, coupled with an aggressive pursuit to engage the latest technology. Through three generations of family ownership and operation, we continually reinvest in our business to stay on the forefront in quality, service, design, and innovation.

Brands

The Cardinal Systems, Inc. family of brands consists of:

Cardinal, our steel (pool walls, steps and benches), polymer (pool walls and custom structural foam molding), vinyl liners (for both in-ground and above ground swimming pools), and aluminum (liner track and coping).

Quaker Plastics, our extrusion and thermoforming products such as deck drains, thermoformed steps and liner bead.

Sierra Outdoor Designs, a modular outdoor cabinetry system designed to create a customized outdoor kitchen space made with 316 marine grade stainless steel.

HydroBlox provides technology in a product that is able to deliver superior surface and sub-surface water management solutions.

Z Poolform system is a unique, reusable system that provides an attractive cantilever concrete deck. The forms come in several edge options.

All Cardinal Systems, Inc. products are made in the USA.
